DANGEROUS GOODS

Dear Customer,

The Council of Australian Governments (COAG), has recently agreed to uniform legislative changes in all states and territories of Australia regarding Dangerous Goods. These changes include additional stringent requirements being placed on the storage and transport of *Class 1 - Explosives*.

In view of the above changes, we advise that effective from 7 October 2007 (TNT week 41), **TNT Express will no longer accept for carriage Class 1 Dangerous Goods with the exception of Sub-Class 1.4S - Ammunition and Equivalent.**

We also advise that effective from 7 October 2007, the surcharge for the carriage of Dangerous Goods on our *Road Express* service will increase to \$40.00 plus GST per consignment.

This rate adjustment only applies to Dangerous Goods carriage on our Road Express service. The current surcharge applicable to *Priority* services will remain unchanged.

If you require further information regarding this letter, please call 13 11 50. To access all of our products and services, please visit www.tnt.com.au.

Yours sincerely,

Andrew Dickie
